Learning Outcomes

1. AI enhances learning outcomes with personalized instruction and adaptive learning tech.
2. Educators integrate AI to improve accessibility, equity, and teaching efficiency.
3. AI boosts teaching efficiency and fosters personalized student learning.
4. Consider drawbacks like algorithmic biases and balancing tech with human interaction.
5. Common AI-powered tools include LMS and adaptive learning software.
6. Explore AI tools for tasks like attendance, quizzes, and assessments.
7. Maximize AI benefits to streamline tasks and enhance teaching and learning.

AI Aims

1

Improve overall
learning
experience

2

Increase
efficiency

3

Address the
diverse need of
students to
chose
educational
resources that
fits to enhance
their learning
experience.

AI

about

Benefits of AI in Teaching

1

Enable personalized learning

2

Automated grading

3

Facilitate remote learning

4

Enhance data analysis to identify student learning patterns

5

Create catchy educational content

AI platforms used for teaching

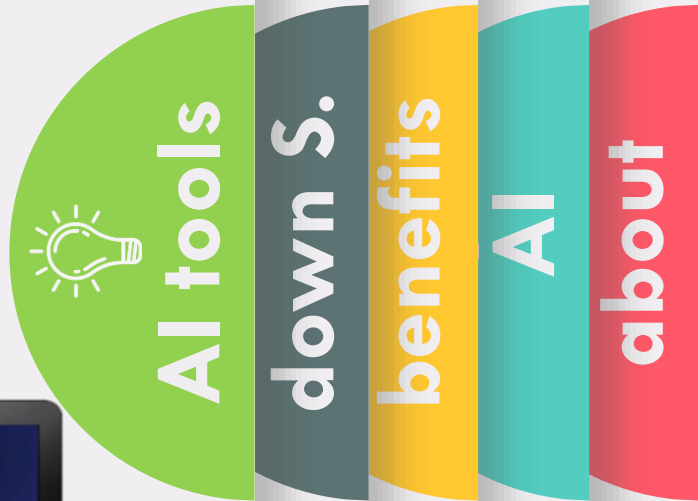

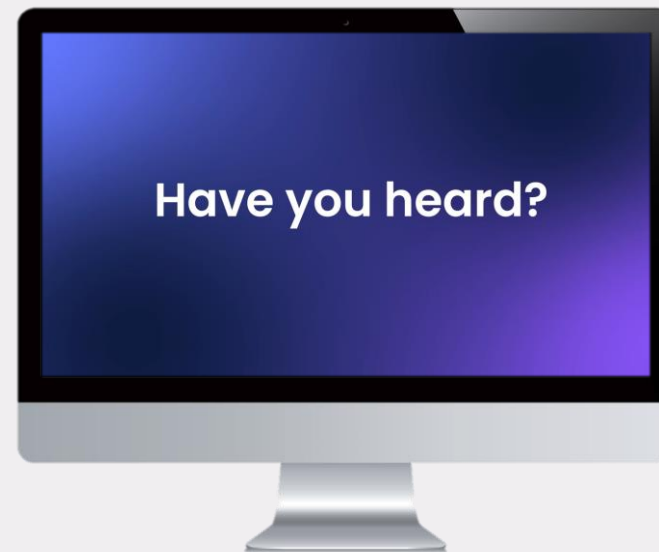

Class Point AI quiz generator in PowerPoint

Generate quiz questions from your PowerPoint slides using AI.

Multiple Quiz Types
MCQ, Short Answer, Fill in the Blanks.

Bloom's taxonomy
Generate questions based on Bloom's taxonomy.

Multi-language support
Native language support powered by OpenAI.

Create Presentation Slides with AI in seconds

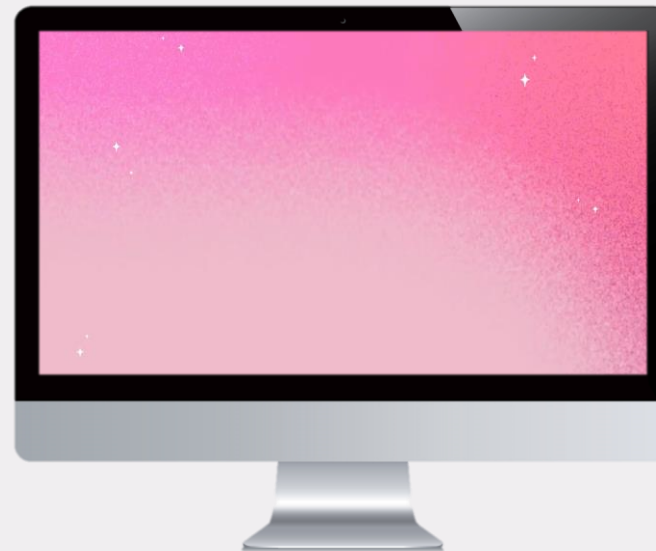

Save Hours in Just A Few Clicks

Enter Text
Presentation Type

Themes
Background Color
Title Font

Presentation Title

- Start by Adding Your Text**
Enter the text that you want to use for your presentation from any source.
- Customize the Look**
It's time to give your presentation a personality. Choose from color and font presets, or create a custom look.
- See Your Presentation Come to Life**
Congratulations on creating a presentation in under 2 minutes and saving hours of efforts. Take a moment to preview your presentation and make any final adjustments.

Education Co Pilot

Lesson planning, worksheet, handout and assessment generation

Reference

Prepare and Plan with Ease

Copilot makes it easy to get started and finish your planning and prep in less time.

Lesson Planning

At the core of Education Copilot is our AI lesson planner. Perfect for generating quality, structured lesson plans for any subject, lesson, or concept.

Educational Handouts

Quickly generate handouts that cover everything you and a student will need to know about a specific topic, concept, or subject area.

10+ Other Tools

Copilot currently has over 10 tools to help you save time in and outside of the classroom. We're always adding new tools and if you ever have any suggestions, let us know!
